Amazing Penetrations #21 - Mail Order Orgasms

Call for Pricing

Naughty Alysha has her fans send in some huge unusual toys that she uses to fuck herself and get off. She warms up with some of the smaller beer can sized models before cramming the huge six inch wide version into all her holes. When she cannot get it in by shoving it in, she will sit on the fake dick with all of her weight to force the oversized dong to actually go up inside her. It is literally unbelievable what she gets into her holes.
