Amazing Ty #24 - Pumpin' Ty

Call for Pricing

Amazing Ty has manipulated her tits to the point that she is now lactating. She uses clear pumping devices to pump milk from her nipples for the camera. Ty even pumps her complete tits into larger vacuum tubes with her nipples still in suction and oozing milk. Ty proceeds to pump her clitoris until its swollen and stretched out several inches, then she pumps her whole meaty cunt. She's able to suck her whole pussy hole, lips and all 4 or 5 inches down a large clear suction tube. It's just incredible! After a bit of peehole pumping, Ty turns to her over-used rectum. Your jaw will drop as you see her anus Bloom into the see-through cylinder as far as her cunt did. You can literally see her insides turning around from deep within her to being exposed inches deep inside the pumping device. This is a show stopper. You'll never forget the sight! The last scene is Amazing Ty and a hung black guy who fucks her ass mercilessly, really plowing her butthole as deep as he can get his big fat dick. Ty begs for more and he obliges by increasing the fierceness of his thrusts. When the stud leaves her butt filled full of his black dick cum, a suction pump is used to retrieve the deeply deposited load from the depths of her pulsating bowels!
