Babysitting Sistas #02

[Call for Pricing](#)

Babysitting Sistas are always looking for a job.... And they all have a kinky hidden agenda...to fuck the man of the house! So if you're leaving him with the children when they come over, don't you dare say that you weren't fore warned. These babysitters are not the average, ugly couch potatoes you're used to hiring. They come dressed to impress and give the best head money can buy! As soon as you walk out the door, your kids will be sent to bed, so they can get their freak on in all the comforts your home has to offer. These girls are hot and in search of fun, the nasty kind of fun... and babysitting is the last thing on their mind!
